Take advantage of Free Publicity

Publicity! It's critical to the livelihood of your company. This is one of the more prevalent benefits of association membership. In a sense, the publicity your company can receive through an association can be as beneficial as a \$15,000 brochure.

Isn't publicity what manufacturers, dealers and distributors want for their organization? It's why logos and company names are plastered on vehicles, parts, and packaging etc. The challenge lies in reaching new markets, some you may never even have considered. This is where the benefits of aligning with IDA become evident. IDA has the ability to promote you and your company to the right people.
